Abbreviations and acronyms	ix
Executive Summary	1
Background	5
1. Foreword	7
2. Sea cucumber fisheries	9
2.1 Biology and ecology	9
2.2 Beche-de-mer market	12
2.3 Fishery types	14
2.4 Global status	16
3. Fisheries management principles and approaches	19
3.1 The Code of Conduct for Responsible Fisheries	19
3.2 The precautionary approach	20
3.3 The ecosystem approach to fisheries	20
3.4 Management objectives, indicators and reference points	22
3.5 The management process	24
3.6 A decision-making process for choosing the right tools	26
4. Defining regulatory measures and actions – A roadmap	29
5. Regulatory measures	33
5.1 Size limits	33
5.2 Gear limitation and development	38
5.3 Effort and capacity control	41
5.4 Catch quotas	44
5.5 Market chain licensing and reporting	49
5.6 Temporal closures	54
5.6.1 Seasonal and short-term closures	54
5.6.2 Bans or moratoria	58
5.7 Area-based measures	61
5.7.1 Marine protected areas, including no-take zones	61
5.7.2 Rotational harvest closures	68
5.7.3 Territorial use rights in fisheries	73
6. Implementing management	79
6.1 Information for management	79
6.1.1 Overview of the harvested species	79
6.1.2 Fishery-independent stock surveys	81

6.1.3 Fishery-dependent stock surveys	88
6.1.4 Socio-economic surveys	93
6.1.5 Price monitoring	98
6.2 Institutional requirements	101
6.2.1 Support institutional arrangements for local-scale management	101
6.2.2 Establish management advisory committees	105
6.3 Legal requirements	108
6.3.1 Legislation of management regulations	108
6.3.2 International agreements and CITES	109
6.4 Assign accountability	113
6.5 Enforcement	115
6.6 Education and communication with stakeholders	117
6.7 Improve quality of processing through training	120
6.8 Restocking	125
7. Conclusions	133
8. References and further reading	135
9. Glossary	145
10. Annexes	149
10.1. Main species of sea cucumbers commercially exploited and traded	149
10.2. Examples of issues to take into account when considering regulatory measures and actions for implementing management	151
Appendixes	155
Appendix 1 – Fishery-dependent landing data sheet from – Community Fisheries Management Development Programme – Papua New Guinea	155
Appendix 2 – Data sheet for recording landings of fishers	156
Appendix 3 – A logsheet used in the sea cucumber fishery in Newfoundland and Labrador, Canada	157
